Looking for a fabulous cake topper to complement your wedding cake? Consider a custom-design from Chapeau de Gateau (chapeaudegateau.com). Company founder Alison Dawson designs modern, innovative and unique toppers that will make your wedding cake a work of art. Each topper is created specifically for you and handmade from the finest quality Mokuba ribbon (a high-quality couture fabric from Japan). Choose from the Chapeau de Gateau exclusive line, or have one custom-designed to personalize the theme, colour and detail of your wedding. We can't get enough of this one (pictured left)! Adorned in beautiful frills, lace and ribbon, it looks good enough to eat. Already have a special topper? The company can also create beautiful and modern centrepieces, table accessories, favours and other ribbon-infused decor.
